

**COMMUNITY ISSUES AND INPUT
SHELL ROCK RIVER WATERSHED MANAGEMENT COALITION (SRRWMC)**

JEO Project #: 210289.00

Introduction

Thank you for taking the time to complete this worksheet. The Shell Rock River Watershed Management Coalition (SRRWMC) was formed in 2021 through voluntary agreements between cities, counties, and soil and water conservation districts (SWCDs). The WMC is currently developing a watershed management plan that reflects the values, concerns, and input of everyone in the watershed. The WMC has used grant funds to hire JEO Consulting Group to assist in this process.

We ask that you return this worksheet via email or USPS to Adam Rupe with JEO by Thursday, April 5, 2023:

Adam Rupe, Project Manager
(402) 322-0377 | arupe@jeo.com
JEO Consulting Group
1615 SW Main St, Suite 205
Ankeny, IA 50023

Please feel free to share this with your city council, board of supervisors, board of commissioners, or other local officials if you feel compiling all of your input would be valuable. If you have any questions, please don't hesitate to call me at (641) 430-7420 or contact Adam directly.

Ken Nelson, Cerro Gordo SWCD Commissioner
Board Chairperson – SRRWMC

Community / Jurisdiction Information

Name and title of person(s) filling out worksheet:

Jurisdiction represented:

Phone: _____ Email: _____

Flooding Risks

1. Have you experienced flooding from the Shell Rock River (or its tributaries)? Where? What were the impacts?

2. What resources does your community/jurisdiction need to mitigate flood risks?

3. Is your community/jurisdiction willing to work with others to solve flooding at the watershed scale (work across city and county lines)?

Water Quality Concerns

1. Is information on water quality in the River easy to obtain? Are you aware of current water quality conditions?

2. Is good water quality important to you, others in the watershed, or to economic viability of your community/jurisdiction? Why? In what way?

3. What activities do you think harm water quality the most?

4. What resources do cities, counties, farmers, or others need to help improve water quality across the watershed?

Recreation Opportunities

1. Is recreation important in the watershed? How does, or could it, impact your community/jurisdiction?

2. Is your area of the watershed lacking any types of recreational opportunities?

3. What new or additional types of recreation is needed?

Any other input you would like to share?
